

## Mrs. Kyker's Class Newsletter

November 26, 2019

Today, we worked with Ms. Marchelletta's class to plan our own Thanksgiving Feast. Check out the pictures on the website later today.

Happy Thanksgiving to you and your families! I wish you all a wonderful holiday. This year, I am so thankful for the wonderful group of children I am blessed to teach each day! I am grateful for their energy and passion towards learning! Thank you for raising such amazing children!

GR 4 Math: We worked on dividing larger numbers to get a quotient that may contain a remainder. The students are doing a wonderful job of checking with the reverse operation of multiplication. Today, we worked on complex word problems involving division.

GR 5 Math: We finished Module 2! The review sheet came home today. We completed PG 1-2. Pages 3-4 will be completed on Monday.

Test Tuesday, December 3<sup>rd</sup>.

Reading and Writing: After the holiday break, we will begin Nonfiction Information Reading and Informational Writing.

Social Studies: We are still working on Chapter 5 on the Early European Explorers.

Science: We started our next unit on Earth's Water Systems. We will continue to compare the amount of fresh, frozen, and salt water on the Earth's surface.
