Important Dates:

- Monday, November 11th is our Veteran's Day celebration. Please come to school dressed in your best attire.
- Wednesday, November 13th – Social Studies Ch 4 Test.

GR 4 Math: We worked on division with remainders using standard model and area model.

GR 5 Math: More division!! We divided numbers into the thousands place, and also used estimation to determine a reasonable quotient.

Reading: Both grades finished their novels, *Wonder* and *The Best School Year Ever*. We ended the week by identifying the theme and motif of these novels.

Writing: This week we added flashbacks, flash forwards and dialogue into our personal narratives. Next week, we will develop strong beginnings and powerful endings, before we complete the post-assessment.

Science: We spent much of our science time reviewing for the Ecosystems assessment. Our next unit will be The Watery Planet.

Social Studies: We split our time between Chapter 4- The Early Exploration of Europeans and preparing for our Veteran's Day event.
